

No-Slack® Top Plate Spring Update

No-Slack® top plates (6000, 7000, 7000 Clean Connect, H7, NT) now use **the same spring** for the Handle and the Bumper. The Handle Spring is now the same length as the Bumper Spring. KIT-SPRING, KIT-RPR-6000 (L or R) and KIT-RX-67NT (L or R) below will be shipped with **two** large springs of the same length. KIT-LAT-6000 (L or R) will be shipped with **one** large spring.

This change affects these kits:

KIT-SPRING

KIT-RPR-6000L and KIT-RPR-6000R

KIT-RX-67NTL and KIT-RX-67NTR

KIT-LAT-6000L and KIT-LAT-6000LR
